Dear Ms. Barnhart,

As per your letter dated 9 January 2006, I request an administrative hearing before an administrative law judge to protest the denial of my application to reinstate my real estate broker's license.

I request that Judge Roger Schneier not be the hearing judge assigned to my case as he has made previous adverse decisions which are the subject of the current proceeding. For the record, please note that this denial to reinstate my broker's license is another retaliatory action by the Department of State, has a chilling effect on innovative business models that benefit consumers and is a waste of taxpayers' dollars.

Sincerely,

Lan Lan Wang
